TOTAL COMPLETE	117 / 117			117 / 117			117 / 117		

Original materials: 6 types. Lezgi Cyrillic: 5 types (no separate PDF-page condition).

Tsez: Qwen 445, Gemini 99 sentences. Use the same first 99 for cross-model comparisons.

Complete records do not imply error-free translation. Empty predictions are marked * in the detailed matrix.

Luna is excluded from the primary thesis scope. Its historical results remain unchanged.

Source: validated configurations and results. This is an experiment count, not a Slurm job count.
